BARCO Food Paint

This is your secret weapon for painting on chocolate and any surfaces with ease! This quick-drying paint adds professional flair to your sweet creations.

Key Features:

Liquid color with a distinct scent (best used in well-ventilated rooms)

Food-grade and safe to use

Permanent finish for a bold, lasting look

Flammable (handle with care!)

Versatile for chocolate, sugar craft surfaces, fondant, gum paste, royal icing, batters, dough, marshmallows, butter icing, cocoa butter, meringues, and more!

How to Use:

Ensure your paintbrushes, airbrush gun, and sponges are dry and free of moisture.

Always clean your brushes, airbrush, and sponges with Barco Paint Cleaner before use.

Apply the paint directly onto the surface you want to decorate in a well-ventilated area.

Watch the colors dry within minutes—no lingering smell or taste after drying!

Cleaning Tips:

Always use Barco Paint Cleaner for cleaning. Water will seize the paint and damage your tools!

Spray Barco Paint Cleaner through your airbrush gun until all color is removed, then rinse with lukewarm water and soap.

To keep your airbrush clean, store it with a drop of paint cleaner to prevent clogs.

Tip: Barco Quick Paint is not a cleaner—use only Barco Paint Cleaner to keep your tools in tip-top shape!

Have fun, and enjoy creating colorful masterpieces!
